The first certificate, Biotech Lab Assistant, trains students in valuable lab techniques and professional soft-skills, and can be completed within 3 classes: (BIOL-190/190L) Introduction to Biotech/Lab, (BIOL-191) Biotech A: Basic Skills, and (CHEM-100) Introduction to Chemistry. By completing these 3 classes students can earn up to $17-20 per hour. The Introduction to Biotech course and the accompanying lab have no prerequisite requirements and qualify as a transferrable UC/CSU General Education requirement. BIOL-190 will be offered at El Modena HS this fall after school.

The Basic Skills (BIOL-191) course prepares students for advanced lab classes, undergrad research positions, and entry level work. Completion of the Biotech Lab Assistant certificate qualifies students for campus and industry internship opportunities to gain experience and potentially earn while they learn. As students accumulate biotech certificates, they acquire advanced skills, which ultimately qualifies them for more advanced positions across subsectors of the life science industry. SCC Biotech also offers cost-effective transfer options to complete a Bachelor's of Science in Biomanufacturing for less than $11K total.
